# E-HYBRID benefits

## Go further for less

e-HYBRID can achieve up to 256\* miles per gallon making them more fuel efficient than pure combustion engines.

## Harness the full power

Drive in three modes: All electric, pure TSI engine, or a combination of the two with the 204PS e-HYBRID powertrain.

## Freedom to move

An all electric range of up to 39 miles allows for emission-free urban driving.

## Lower taxation

SEAT Leon e-HYBRID models have lower Benefit in Kind (BiK) taxation and Road Fund Licence (RFL) than their equivalent combustion engine counterparts.

## Efficient and connected charging solutions

Charge in under 4 hours with a home wallbox charger and monitor activity via your smartphone with SEAT CONNECT.

SEAT Leon e-HYBRID models come with a MODE 2 (3-pin) and a MODE 3 (charging station) cable as standard.

You could be eligible for a £350 OZEV (Office for Zero Emission Vehicles) grant towards the cost of your home wallbox.

## The SEAT Warranty

### Three-year Warranty.

All new SEAT's registered in the UK come with a three year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 (whichever is soonest).

### Retailer Warranty.

Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised SEAT Retailer or repairer, however, this additional warranty must be purchased before the mileage reaches 60,000. Cover is subject to the car being serviced and maintained according to the manufacturer's technical guidelines.

Full details of the three-year warranty are available from your SEAT Retailer or repairer.

# Warranties, service plans and insurance.

## **SEAT Extended Manufacturer Warranty**

If you take out a SEAT Extended Manufacturer Warranty before your new car is registered, you'll get exactly the same level of cover as the three year warranty, but for up to five years. You can choose a SEAT Extended Manufacturer Warranty to last until the end of the 4th year/up to 75,000 miles or until the end of the 5th year/up to 90,000 miles (whichever is soonest). Please note: SEAT Extended Manufacturer Warranty products are only available at the time of ordering your new SEAT.

## **Three-year Paint Warranty**

The paintwork of all models featured in this price list is covered against manufacturing defects for a period of three years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT Retailer or repairer for full warranty details.

## **Twelve-year Body Protection Warranty**

The internal body sections and panels of the models featured in this price list are covered against rusting through from the outside for twelve years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT Retailer or repairer for full warranty details.

## **SEAT Parts Warranty**

SEAT parts and accessories supplied after new vehicle delivery are covered by our 24 months parts warranty.

## **SEAT Car Insurance**

### **Complimentary Drive Away cover\***

## **SEAT Gap Insurance**

If your SEAT is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall. Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new SEAT or help pay off any outstanding finance, lease or hire agreement. SEAT Gap Insurance can be purchased up to 100 days after you have collected your new or used vehicle.

or visit your local participating SEAT Retailer.

SEAT Gap Insurance is administered by Car Care Plan Limited and underwritten by Motors Insurance Company Limited.

## **8 Year PHEV Battery Warranty**

A guarantee for eight years or 100,000 miles whichever comes first. Gradual reduction in battery capacity over time is integral to the nature of the component, and does not represent a defect under the terms of this guarantee.

## **SEAT Roadside Assistance (including European cover)**

Any new SEAT purchased and registered in the UK from an authorised SEAT Retailer, is covered free by SEAT Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of two years. Terms and conditions apply.

## **Specifications**

Specifications refer to Model Year 2024. While SEAT makes every effort to make sure that specifications are accurate at the time of publication (04/2024), you should always check details with your SEAT Retailer as there may have been changes in view of SEAT's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this price list can therefore be given as guidance only.

# Vehicle excise duty.

All new vehicles are subject to a form of Vehicle Excise Duty (VED) based on the type of fuel the vehicle uses and its carbon dioxide (CO<sub>2</sub>) emission level, measured in grammes per kilometre (g/km). The table below illustrates the duty you will pay based on the DVLA bandings.

## 12-month Road Fund Licence (RFL) rate for petrol and diesel cars: Cars registered on or after 1 April 2024

CO <sub>2</sub> g/km	1st year rate – Petrol / Diesel	1st year rate – Alternative Fuel Vehicles (AFVs)
0	£0	£0
1	£10	£0
51	£30	£20
76	£135	£125
91	£175	£165
101	£195	£185
111	£220	£210
131	£270	£260
151	£680	£670
171	£1,095	£1,085
191	£1,650	£1,640
226	£2,340	£2,330
256	£2,745	£2,735

The standard rate for Petrol and Diesel is £190 and £180 for Alternative Fuel Vehicles. Please be aware vehicles with a list price (RRP), including options, higher than £40,000 will incur an additional £410 a year in vehicle tax, from the second time the vehicle is taxed.

# Your tyre label.

They may not be the first part of your SEAT you notice, but your tyres play a vital role in keeping you on the road. Your EU tyre label tells you everything you need to know.

You'll see detailed information on your tyres and their technical specifications on the SEAT online car configurator. Click [here](#) to start building your SEAT now.

Due to the variation of tyres that may be fitted during production, the configurator will show multiple tyre labels. It is not possible to select a specific tyre when ordering a vehicle.

## Fuel efficiency

This is a measure of 'rolling resistance' – in other words, the amount of energy lost through motion. The lower the rolling resistance, the lower your fuel consumption, with tyres rated as class A being the most efficient.

## Wet grip

Rigorous testing ensures your tyres give great handling and performance in all conditions. Wet grip specifically measures how well you can brake in wet conditions, with grade A giving the shortest stopping distance.

## External noise

Tyres are carefully measured so you know exactly how much noise they'll make while driving. If decibels don't mean a lot to you, don't worry. Each tyre also falls into a noise class A being the quietest and C the loudest.
